

# Footsteps User Guide

## Registering a new user

To register a new user, click the register button on the landing page. Fill out details on the register form to make a new user. Make sure to fill out all required fields. As shown below in figures 1 and 2.

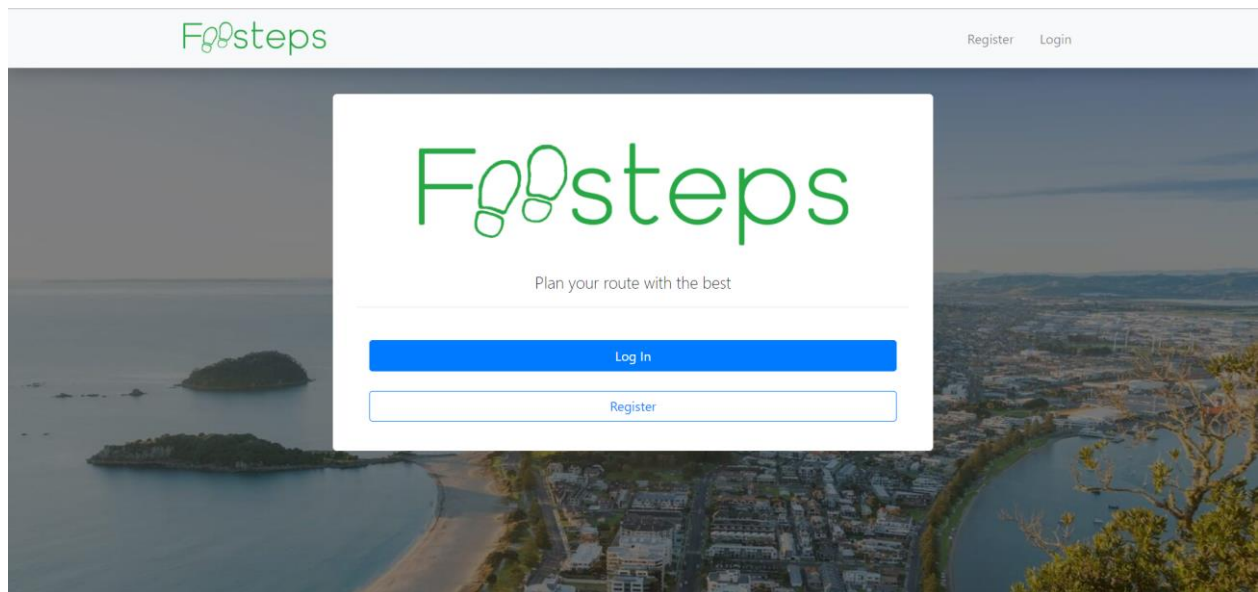

Figure 1: Landing page showing register button

The image shows the 'Register with us' screen of the 'Footsteps' application. The page has a white background with a light gray header containing the 'Footsteps' logo and 'Register' and 'Login' links. The main content area is titled 'Register with us' in a large, bold font, with the subtitle 'Entries marked with \* are required' below it. The registration form consists of several input fields: 'First Name: \*' with a text input field and a character count '0/45 characters left'; 'Middle Name:' with a text input field and a character count '0/45 characters left'; 'Last Name: \*' with a text input field and a character count '0/45 characters left'; and 'Email Address: \*' with a text input field. The background of the page is a scenic view of a coastal town.

Figure 2: Register screen used to register new user

## Logging in

To log in with your registered details click log in on the landing page as seen in figure 1. Please enter your log in details and click sign in. As shown below.

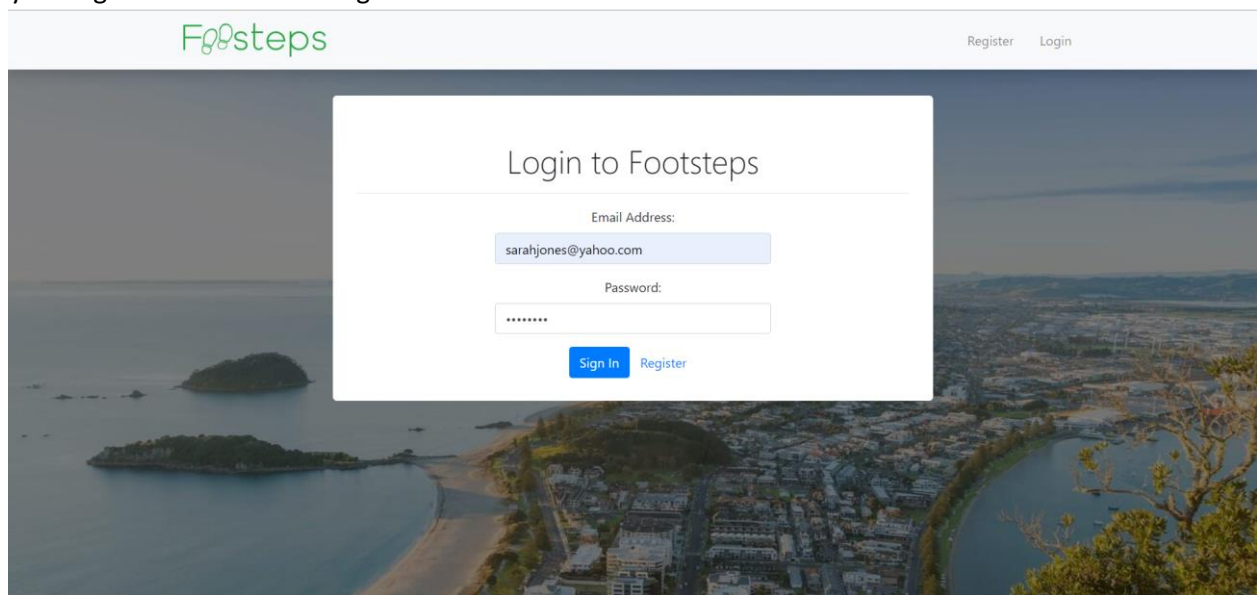

The image shows a web browser displaying the 'Footsteps' login page. The page has a light gray header with the 'Footsteps' logo on the left and 'Register' and 'Login' links on the right. The main content area features a large, scenic background image of a coastal town and harbor. Overlaid on this is a white login form titled 'Login to Footsteps'. The form contains two input fields: 'Email Address' with the text 'sarahjones@yahoo.com' and 'Password' with masked characters '\*\*\*\*\*'. Below the password field are two buttons: a blue 'Sign In' button and a gray 'Register' button.

Figure 3: Login screen

## Logging out

To log out click the Logout button on your profile page. There is also a Logout button in the header on the top right no matter where you are in the app. As shown below in figure 4.

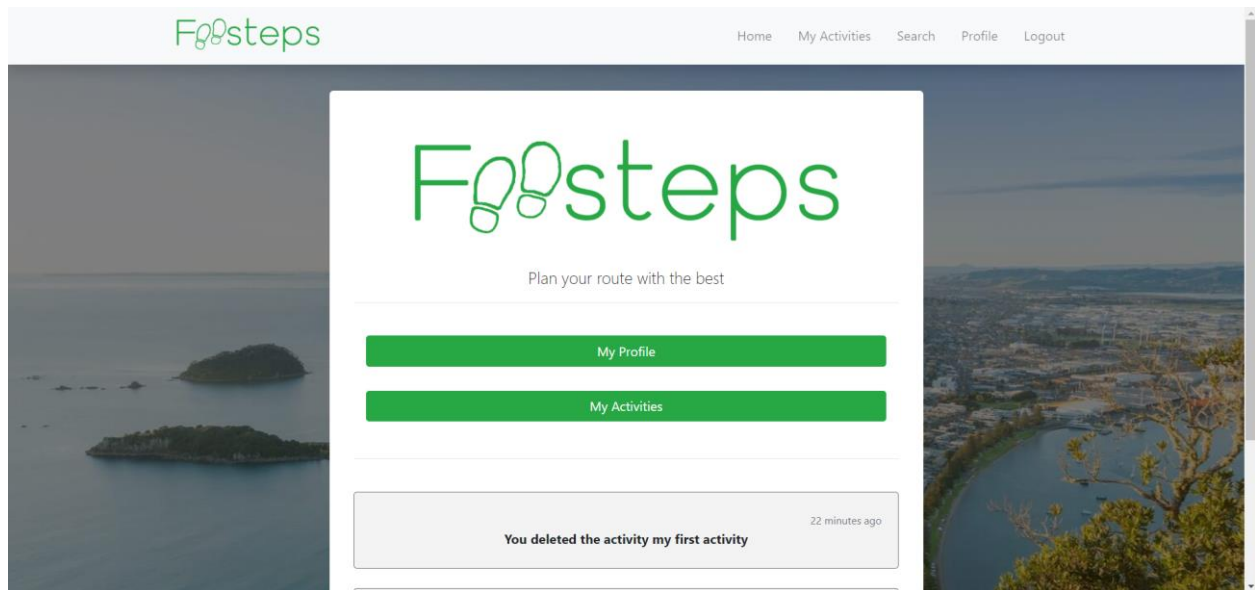

Figure 4: View home screen showing Logout button

## Editing Profile Information

### Edit General profile information

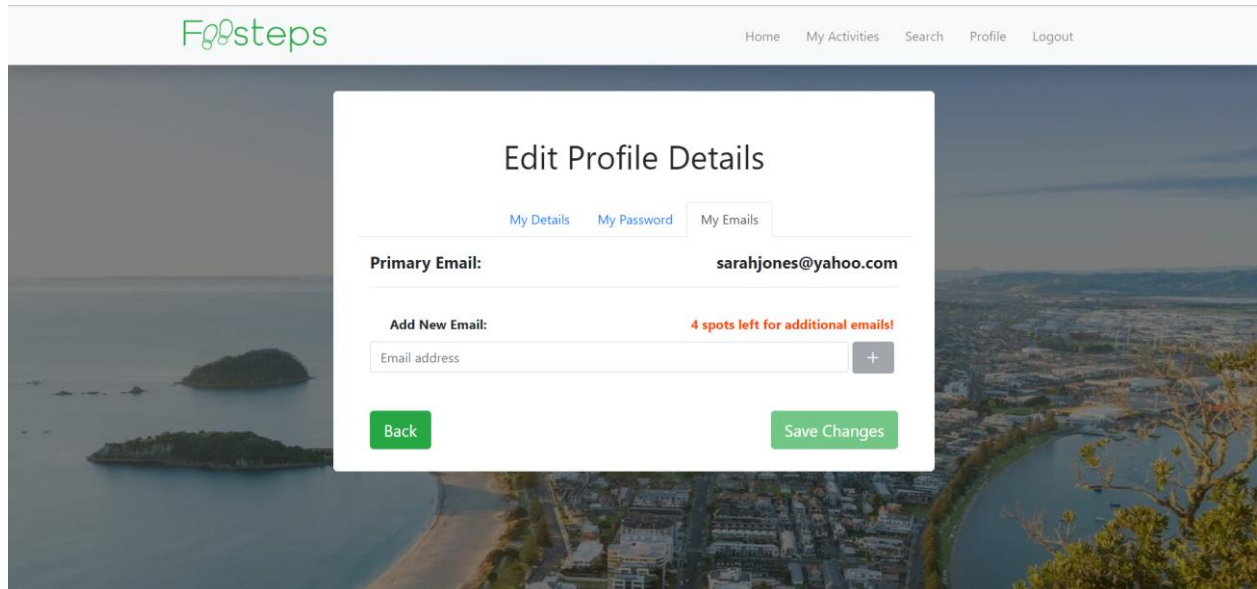

To edit general profile information, click the Edit Profile button listed on the view profile page. Which takes you to an edit form so that you can edit your user information, as seen below in figure 5. Make sure to fill out all required fields and click save, otherwise new changes may not be confirmed. To go back to the view profile page simply click the Home button located in the header at the top right of the screen. Editing emails cannot be done on this page but will be outlined in the next section.

The screenshot shows the "Edit Profile Details" form within the F88steps application. The form is titled "Edit Profile Details" and has three tabs: "My Details" (which is active), "My Password", and "My Emails". The form contains several input fields: "First Name: \*" with the value "Sarah", "Middle Name:" with the placeholder "Your Middle Name...", "Last Name: \*" with the value "Jones", "Nickname:" with the placeholder "Your Nickname...", and "Gender: \*" with a dropdown menu currently set to "Female". The background of the page is a scenic image of a coastline with islands and a bay.

Figure 5: Edit profile screen showing fields to edit user information

## Editing email address

To edit general profile information, click the Edit Profile button listed on the view profile page. Then click the email tab found inside the Edit Profile sidebar on the left-hand side of the screen. This takes you to the edit email screen that allows you to add up to 4 new additional addresses and will also allow you to log in with these additional emails. You may also delete up to 4 email addresses, but you cannot delete your one and only primary email address. You may also the associated primary email address with any of the other additional emails associated to the profile. As shown above in figure 6. Remember to click the save changes button otherwise your changes will not be saved.

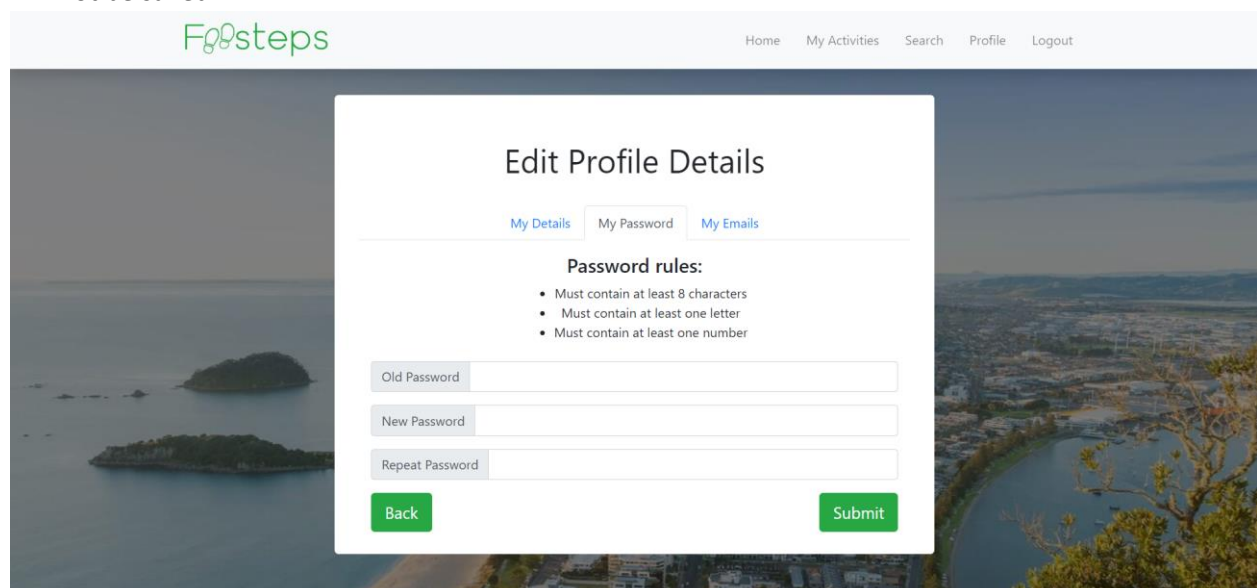

The screenshot shows the 'Edit Profile Details' modal with the 'My Emails' tab selected. The primary email is 'sarahjones@yahoo.com'. Below it, there is a section for adding new emails, with a message '4 spots left for additional emails!'. A text input field for 'Email address' is followed by a '+' button. At the bottom of the modal are 'Back' and 'Save Changes' buttons.

Figure 6: Edit email screen showing fields to edit user email information

## Editing password

To edit your password, navigate using the sidebar to the password menu, and enter your old, new and new again passwords respectively. Make sure you click submit and that your new password matches in both fields and is different to your old password. If submit is not clicked, then your password changes will not be saved.

The screenshot shows the 'Edit Profile Details' modal with the 'My Password' tab selected. It lists 'Password rules:' with three bullet points: 'Must contain at least 8 characters', 'Must contain at least one letter', and 'Must contain at least one number'. Below the rules are three input fields labeled 'Old Password', 'New Password', and 'Repeat Password'. At the bottom of the modal are 'Back' and 'Submit' buttons.

Figure 7: Edit password screen showing fields to edit user password

## Activities

After navigating to my activities page, your activities will be shown to you in two columns. One will be continuous, those activities that will not end. The other will have a specified start and end date. Using this page, you can also navigate to creating a new activity, which will then be displayed here once created. Here you can also edit, delete or see activity details within the activities card.

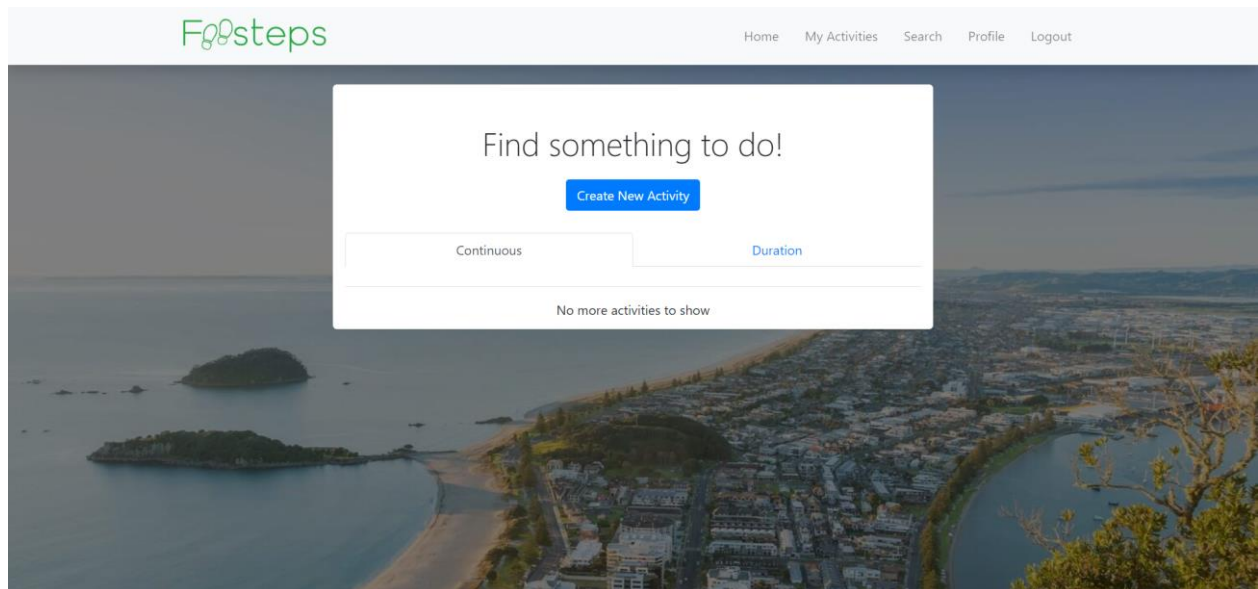

Figure 8: Displaying the users personal activities

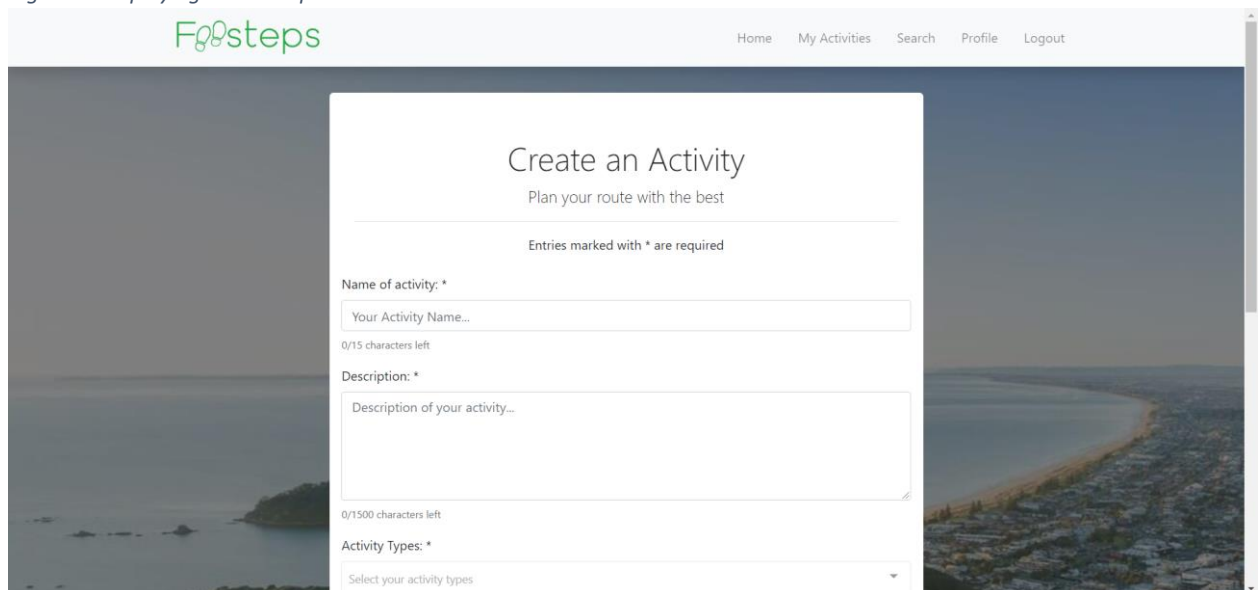

Figure 9: Creating an activity

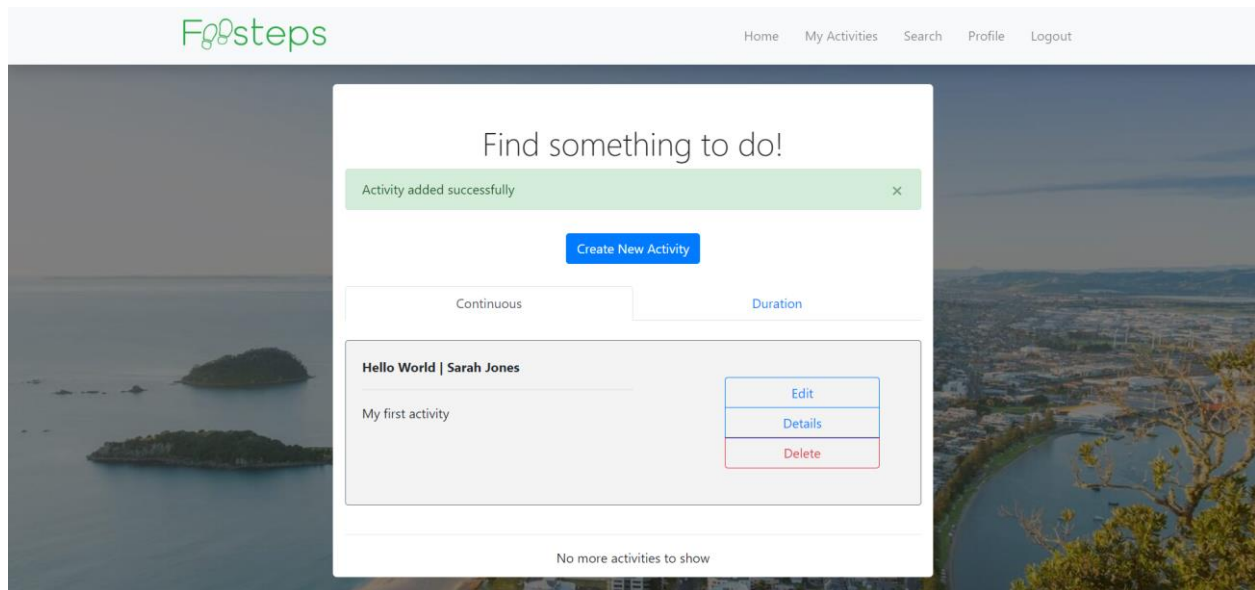

Figure 10: Newly created activity is now displayed.

## Editing Activities

To edit an activity, click the 'edit' button on the activity card you wish to edit. From there you will be taken to the edit page, where you can change any details you wish. Simply leave the details that have been auto-filled alone if you don't want them to change. Click submit and be redirected to your activities.

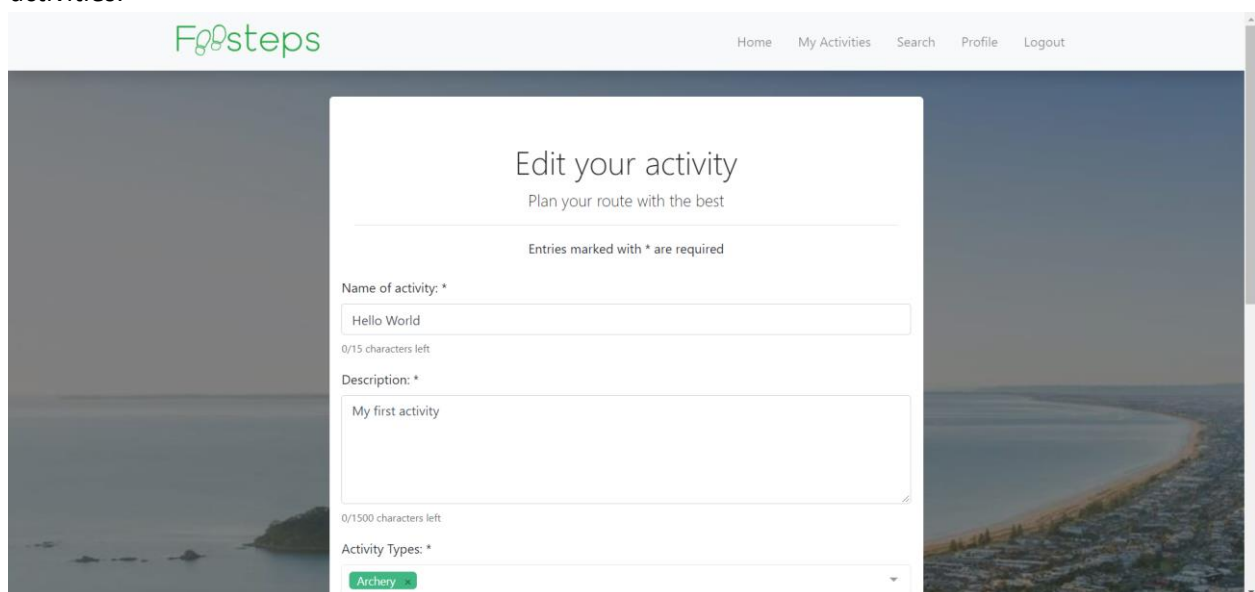

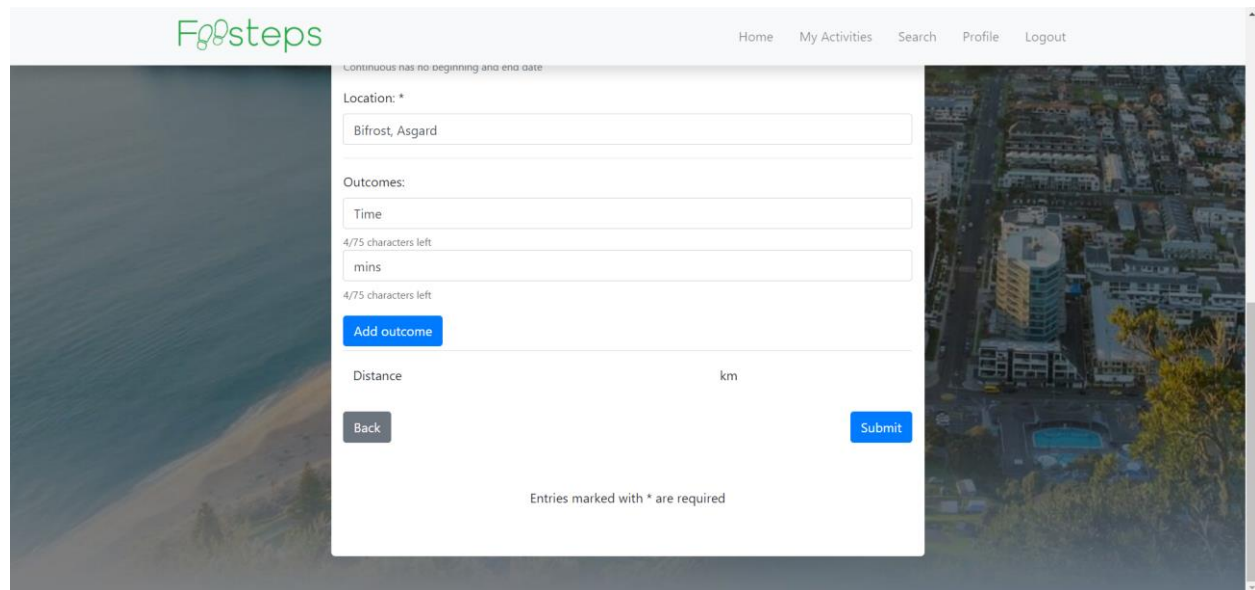

Figure 11: Editing your activity

## Adding Outcomes to your Activity

In both the Create Activity and Edit Activity pages there is a section near the bottom to input new Output fields. Here you need to input a Title for your outcome, eg "Distance", and a unit of measurement for this outcome, eg "km". You can only use titles once, but can use units multiple times.

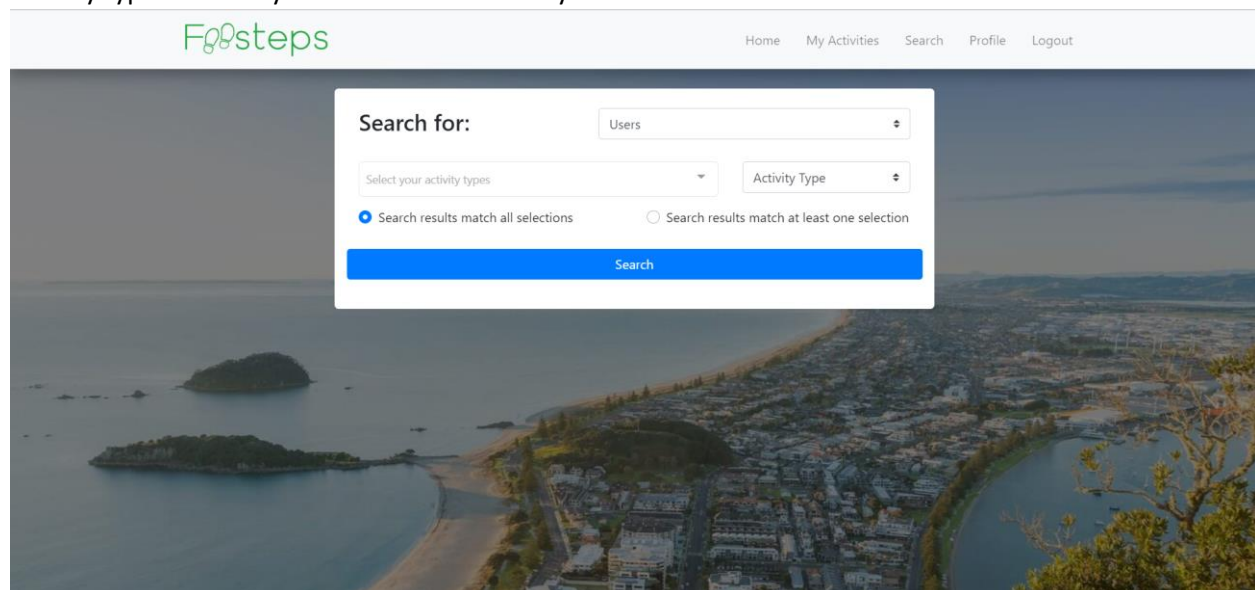

The screenshot shows the 'F80steps' web application interface. At the top, there is a header with the logo and navigation links: Home, My Activities, Search, Profile, and Logout. The main content area is a form titled 'Continuous has no beginning and end date'. It includes a 'Location: \*' field with the text 'Bifrost, Asgard'. Below this is an 'Outcomes:' section with a 'Time' field and two character count indicators (4/75 characters left). There is an 'Add outcome' button. At the bottom of the form, there is a 'Distance' field with a unit 'km', a 'Back' button, and a 'Submit' button. A note at the bottom states 'Entries marked with \* are required'.

Figure 12: Adding new outcomes to an activity

## Search for other Users

Navigating to the Search page via the header banner will allow you to search for other users by the activity types that they have selected that they are also interested in.

The screenshot shows the 'Search' page in the 'F80steps' web application. The header is the same as in Figure 12. The main content area features a search form. It starts with 'Search for:' followed by a dropdown menu set to 'Users'. Below this is a section for 'Select your activity types' with a dropdown menu and an 'Activity Type' dropdown. There are two radio buttons: 'Search results match all selections' (selected) and 'Search results match at least one selection'. A large blue 'Search' button is at the bottom of the form. The background of the page shows a scenic view of a coastal town and a bay.

Figure 13: The initial page for searching for other users

Here you can select any number of activity-types, and select the method you wish to search by. Either all must be matched, that is if you search for both *Hiking* and *Biking* any responses **must** include these two. Alternatively, you can select the match at least one option, so anyone who includes either will be returned to you.

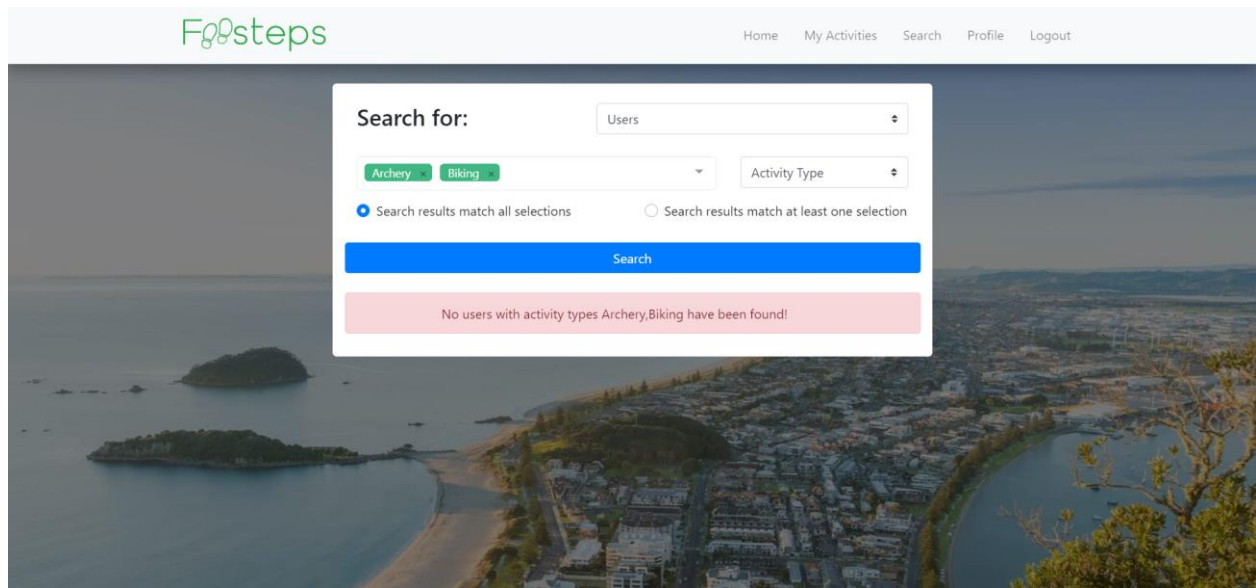

Figure 14: Searching for Hiking and Biking using the “and” method – returns no users

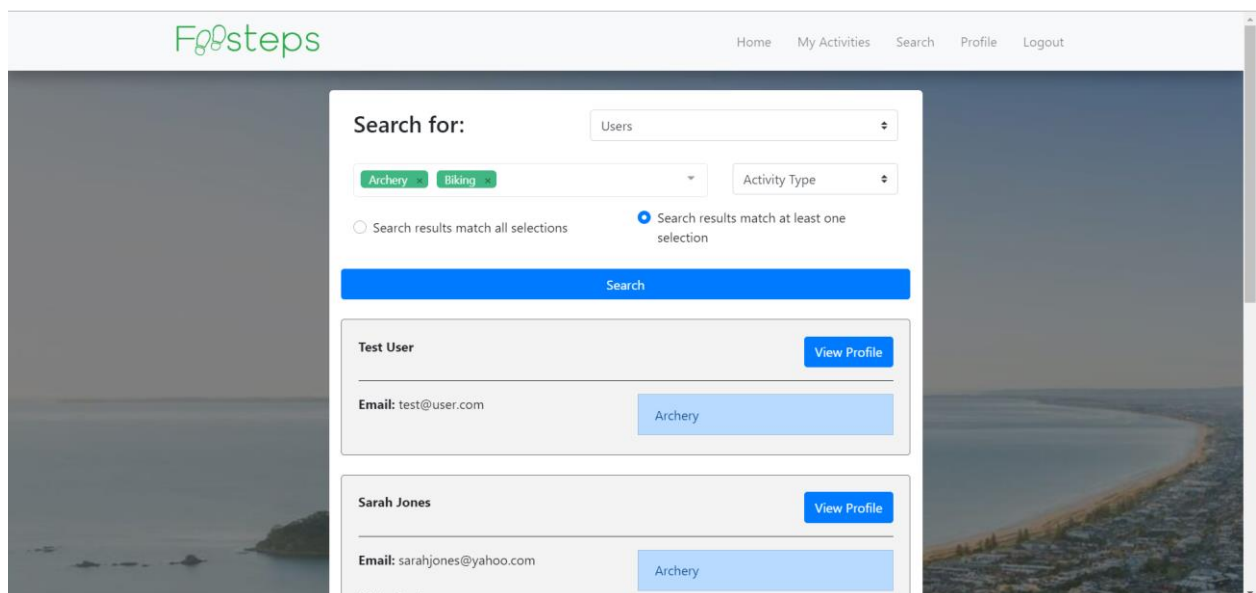

Figure 15: Searching for Hiking and Biking using the “or” method – returns some users

## Open another users profile

Once you have searched for other users, you can click on “View Profile” on the user’s profile card. This will open a *modal* window that displays the user’s information and also the activities they have both created and are participating in.

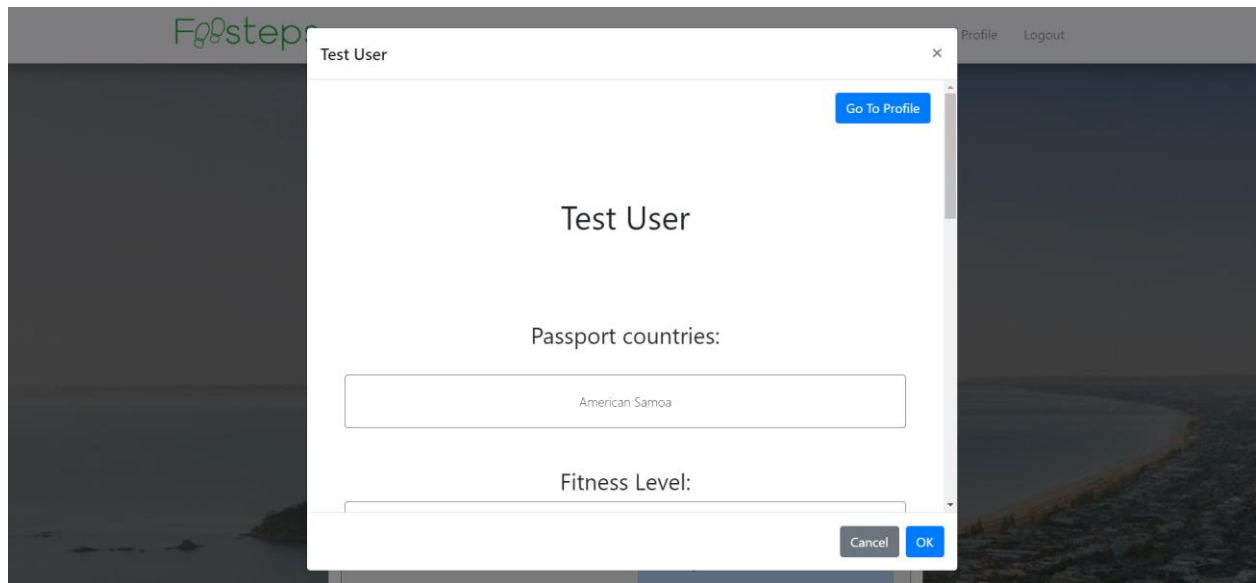

Figure 16: A user's profile page displayed from search results

From here you can scroll down and view all of the users details and then find their activities, and then navigate to those activities by clicking “Details” which will give you a more detailed view of the activity and allow you to “follow”/“unfollow” the activity and view other participants and their results from outcomes.

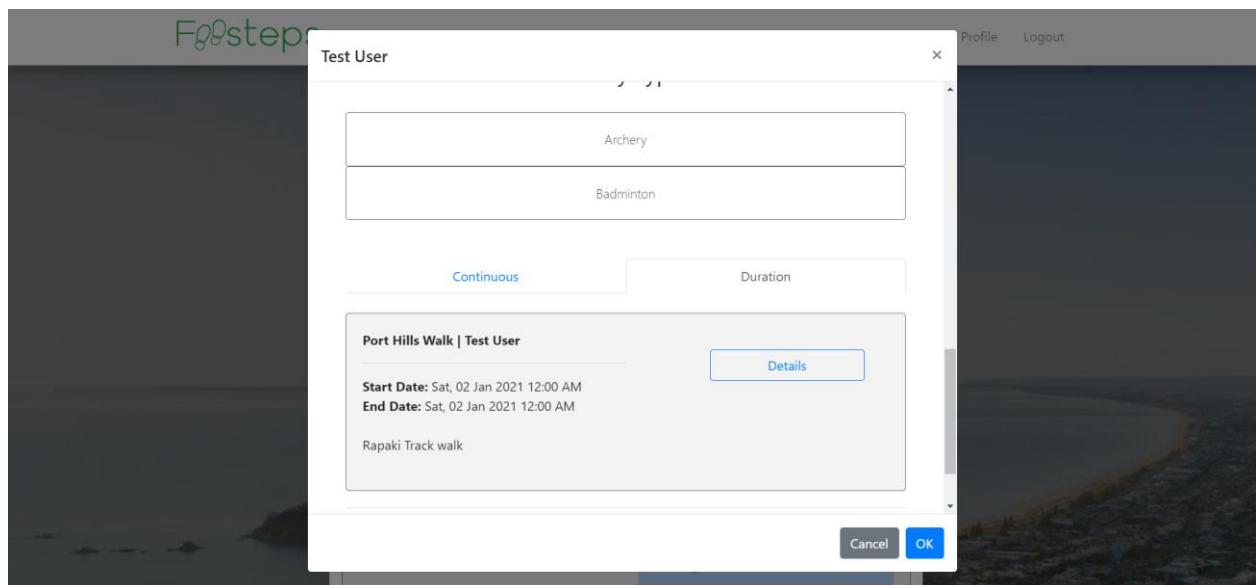

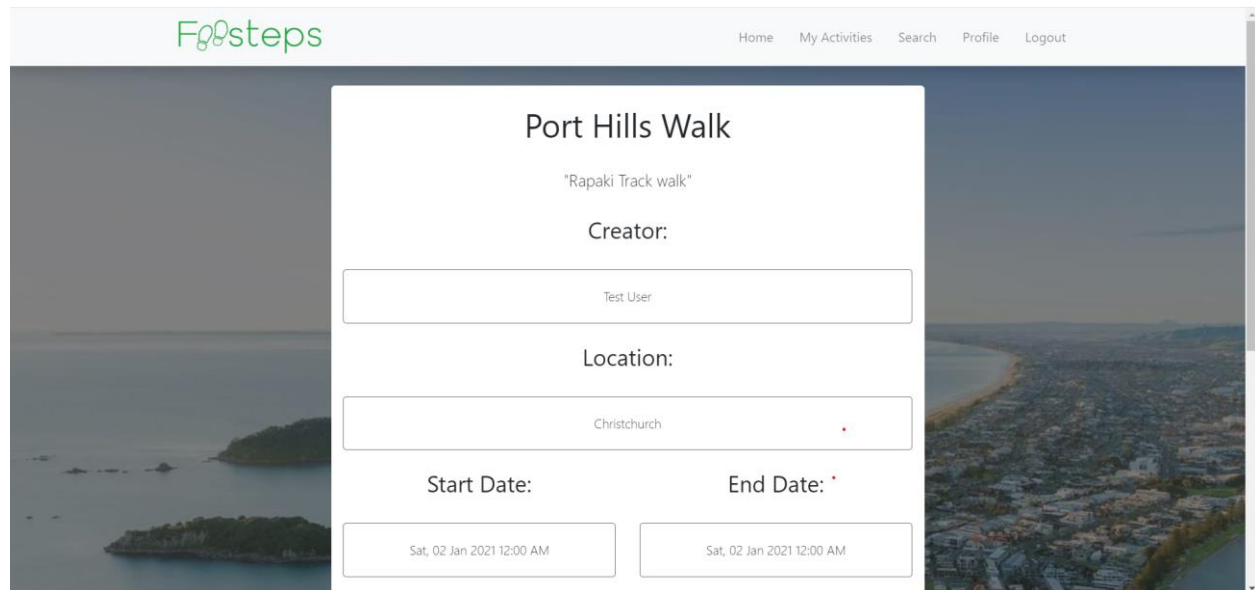

Figure 17: A searched for users' activities

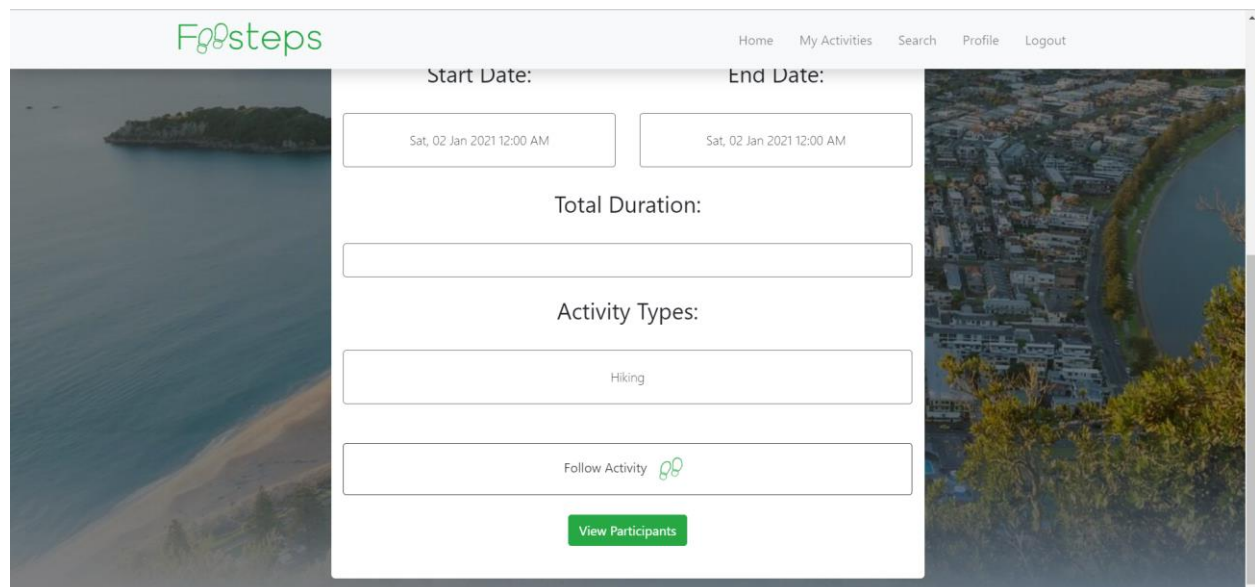

### View another user's activity

Having clicked “Details” on the user's activity you wish to view, you will be taken to that activity's details page. Here you can see all the relevant information you would need as well as the current participants of the activity. Here you can also click “Follow” to follow the activity which will alert you to any changes or actions performed on this activity.

The screenshot shows the Fgosteps website interface. At the top, there is a navigation bar with the logo 'Fgosteps' and links for 'Home', 'My Activities', 'Search', 'Profile', and 'Logout'. The main content area displays the details for an activity titled 'Port Hills Walk' with the subtitle '"Rapaki Track walk"'. Below the title, there are four input fields: 'Creator:' with the value 'Test User', 'Location:' with the value 'Christchurch', 'Start Date:' with the value 'Sat, 02 Jan 2021 12:00 AM', and 'End Date:' with the value 'Sat, 02 Jan 2021 12:00 AM'. The background of the page features a scenic view of a coastline with a beach and hills.

Figure 18: The activity's details displayed

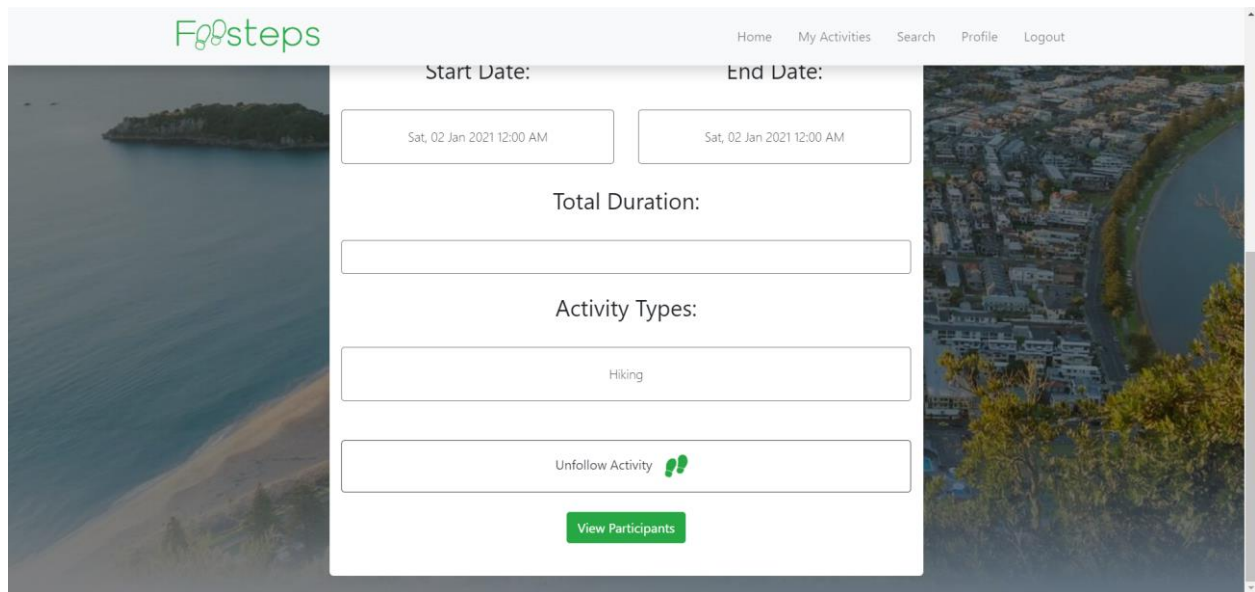

The screenshot shows the Fgosteps website interface, displaying the same activity details as Figure 18. Below the 'End Date:' field, there is a 'Total Duration:' field. Below that, there is an 'Activity Types:' field with the value 'Hiking'. At the bottom of the form, there is a 'Follow Activity' button with a green icon, and a 'View Participants' button. The background of the page features a scenic view of a coastline with a beach and hills.

Figure 19: Showing the ability to view participants and to follow the activity

### Following another user's activity

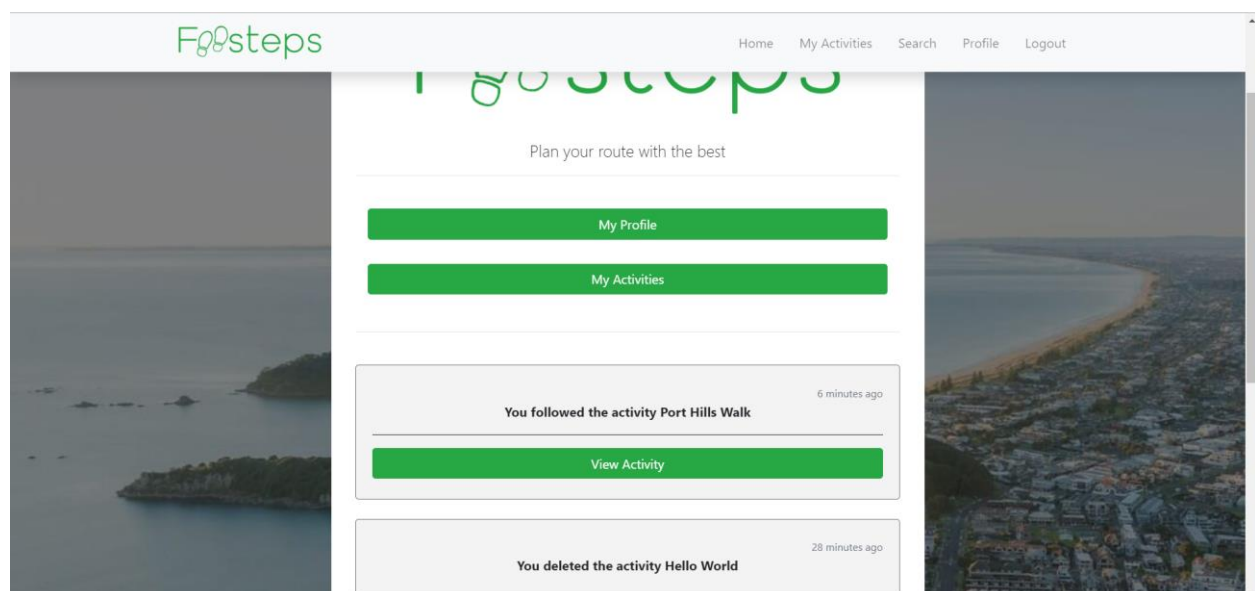

Clicking on "Follow" will make you a participant of the activity, so now you will be notified on your home feed about what has changed about the activities you follow or have created.

In Figure 21 we see that we have been notified that we have followed that activity, and can click "View Activity" to go back to the details page of the activity, where we can unfollow it if we wish.

The screenshot shows the Foosteps web application interface. At the top, there is a navigation bar with the logo and links for Home, My Activities, Search, Profile, and Logout. The main content area is a form titled 'Following an Activity'. It includes fields for 'Start Date' and 'End Date', both set to 'Sat, 02 Jan 2021 12:00 AM'. Below these are fields for 'Total Duration' and 'Activity Types', with 'Hiking' selected. There is an 'Unfollow Activity' button with a green icon. At the bottom of the form is a green 'View Participants' button. The form is flanked by two large landscape images: a beach on the left and a coastal town on the right.

Figure 20: Showing that we have followed the Activity

The screenshot shows the Foosteps web application home feed. The navigation bar is at the top. Below it, there is a section titled 'Plan your route with the best' with buttons for 'My Profile' and 'My Activities'. The main content area is a list of activities. The first activity is 'Port Hills Walk', which has a green 'View Activity' button. Below it is 'Hello World', which has a green 'View Activity' button. The feed is flanked by two large landscape images: a beach on the left and a coastal town on the right.

Figure 21: Showing on our home feed that we have followed the activity

## Uploading your results to the activities that you follow

Only on activities that have set outcomes, you may add your results if you have followed that activity. Clicking on “Add My Results” will open a modal form box where you may enter your results, once you click submit your results will appear like Figure 23, as of now you may not alter your results so be careful. On exiting the modal, clicking on “View Participants” will show you the current participants of the activity, which will include yourself.

The screenshot shows the F88steps web application interface. At the top, the logo 'F88steps' is on the left, and navigation links 'Home', 'My Activities', 'Search', 'Profile', and 'Logout' are on the right. Below the navigation bar, the user's name 'Ethan Burnett' is displayed. The main content area is divided into two columns. The left column contains a large image of a coastal landscape with a small island. The right column contains a large image of a river flowing through a city. In the center, there is a form with the following elements: a 'Location:' label above a text input field containing 'Queenstown'; an 'Activity Types:' label above a text input field containing 'Astronomy'; a green button labeled 'Add My Results'; and a button labeled 'Unfollow Activity' with a small green icon. At the bottom of the form, there are two green buttons: 'View Participants' and 'View Results'.

Figure 22: Showing the options for the user at the bottom of the activity page

The screenshot shows the F88steps web application interface with a modal window open. The modal is titled 'Here are your results' and has a close button (X) in the top right corner. It contains four sections: 'Distance' with a value of '10' and a unit of 'km'; 'Time' with a value of '0.05' and a unit of 'hr'; 'Weight' with a value of 'Did not Finish' and a unit of 'kg'; and 'Height' with a value of 'Did not Finish'. A 'Back' button is located at the bottom right of the modal. The background of the page is dimmed, showing the same navigation bar and user information as in Figure 22.
